About the Seminar :

Every country in its history has had numerous bright individuals who would live and work for the progress and upliftment of the down-trodden persons in the society; due to their efforts, it became possible to abolish several extreme social evils.

The urgent need for social reform began to manifest itself from the early decades of the 19th century. The Indian society in the first half of the 19th century was suffering from social evils such as casteism, superstitions, Sati Pratha, widow remarriage and child marriage etc.

which stood in the way of our progress. India is fortunate to have many extraordinary human beings who devoted all their lives to the betterment of society and the upliftment of the down-trodden. Indian intellectuals closely scrutinized the country's past and found that many beliefs and practices were no longer of any use and needed to be discarded; they also discovered that many aspects of Indian's culture heritage were of intrinsic value to India's cultural awakening. The result was the birth of many socio-religious reforms movements touching almost every segments Indian society. The social reform movements of aimed at securing two main objectives: first, they aimed to eradicate social evils and superstitions prevailing in Indian society, and second, they sought to secure equal civil rights for all.

This seminar will be an attempt to rediscover and re-explore the contribution made by the social reformers in India not just for scholarly debates and enrichment of knowledge but to make our nation more progressive, inclusive, vibrant and sustainable.

Rayat Shikshan Sanstha

The Rayat Shikshan Sanstha is regarded as a noble mission, a noble cause, so earnestly and so endearingly pursued by its founder- father Karmaveer Bhaurao Patil, the educator of the educators and his legendary wife Sou. Laxmibai Patil with her exemplary sacrifices made to turn the mission into a reality. The Rayat Shikshan Sanstha is one of the leading educational institutions in Asia. The value of its contribution to education in general is enormously great as it has, from the very beginning, tried all its best to lay emphasis on the education of the down-trodden, the poor and the ignorant. The founder of the institution, late Dr. Karmaveer Bhaurao Patil had an incisive understanding of the social ills that beset his times and fully realized the dire need of the spread of education. He believed that education alone could correct the social ills such as caste-hierarchy, money-lending, illiteracy, untouchability, superstitions and social and economic inequality. He realised that the social ills could be remedied through the education of the masses alone and laid the foundation of the Rayat Shikshan Sanstha by opening a Boarding House at Kale (Tal-Karad, Dist-Satara) in 1919. Soon, however, in 1924 he shifted the head-quarters of his educational institution to Satara."
