Vision and Mission

Vision

- To establish a library that serves a source of generating information & Knowledge with globally responsive resources & services. To support instruction, research & extension services.

Mission

- To enhance knowledge and thirst for reading which will enable the reader to develop an integrated personality and motivate them to make valuable contribution to the society in future. Also to disseminate information at a faster pace to the target of their utilization.

Objectives

Objectives

- Provide current library materials that support the academic curriculum.
- Provide access to information resources, regardless of location.
- Collect library materials in all formats, broaden and update all collections to meet the needs of teaching, training, research and services.
- Educate and assist college, students and staff in the identification and effective use of information resources.
- Continue to strengthen and update all collections to meet the needs of educational programs.
- Preserve the collections and materials, and maintain and upgrade physical and technological infrastructure to enhance the quality of services.
- Work closely with users; know their needs and interests.
- Put into practice the motto that building library resources is a continuous process.
